There will be a first aid tent located near the rowers' docks. This tent will be equipped with:

- Tent
- Walkie Talkie
- Chairs

Clear signage will direct people to the First Aid tent.

The First Aid staff member(s) will be responsible for reporting to the Regatta Chair at the end of the event the number and type of cases treated.

ON WATER RESCUE PROCEDURE: Safety boats are positioned to watch for boats that have tipped or need assistance. The biggest hazard for someone in the water is other boats.

When safety boats get to the "victim" approach from downwind to avoid drifting over them.

Put engine in neutral and then turn off when you can reach the victim.

NEVER leave engine on with people in the water near your boat.

Determine if everyone is OK and that all the crew is present. Bring victim into your boat and then proceed to secure their boat and equipment. Head for shore. Take great care that the boat does not hit rocks. Return equipment to athlete.

IMPORTANT NOTE: Once the victim and his boat are on shore it is YOUR RESPONSIBILITY to make sure they connect with their coach or other responsible adult. Do not leave the victim alone until you have handed them over to their coach or another responsible adult who is know to the athlete. If this is not possible decide appropriate action.

EMERGENCY VEHICLES ON SITE After calling any necessary emergency services (and directing them to 1424 Clarke Road), the front gatehouse should be informed that fire/police/ambulance, etc. are en route. They can be reached at 519 951 6181. If possible, a person should be sent to the front gate to meet first responders and direct them to the scene.

## **1.1 Initiating the weather Action Plan procedures:**

The Chief Umpire and Regatta Chair meet to review the weather status – before the regatta, during the regatta, as required, when notified conditions are changing for the worse. The Weather Action Plan is set into action when:

- 1.1.1 The Chief Umpire and Regatta Chair determine that action is required to ensure safety. The required actions may include the following:
  - a) Holding additional boats from launch and finishing the races on course, or:
  - b) Immediately calling all crews off the water, or:
  - c) Continuing to monitor weather and review additional data.
- 1.1.2 If action is required the following are the responsibilities of the Regatta Chair and Chief Umpire.
  - a) Chief Umpire informs the jury (control commission, start line, umpires, and finish) of the action plan and instructs the Regatta Control Commission to monitor and account for all boats on the water by club or crew. The Chief Umpire will also communicate the action plan to the Safety Boat director for safety boats on the water.
  - b) The regatta Chair informs the Organizing Committee and the Committee Directors of the action plan. The Regatta Chair ensures that a public announcement is made regarding the action plan.

#### 1.2.1 Control Commission:

The Control Commission will account for all crews on and off the water. The Control Commission will monitor and record all crew names and follow up with crew coaches to ensure all crews are off the water.

#### 1.2.2 At The Starting Line:

a) Umpire boats at the start will notify/announce to all persons in the starting area that they are to return to the launching area or take shelter in the starter's tent on land.

b) The Starter will observe all crews at the start including warm-up area to ensure they have been informed of the plan and start heading back to the launching area. Starter will designate an umpire boat to follow the last crew back to the launching area.

#### 1.2.3 Umpire and Safety Boats:

Umpire and safety boats will follow crews back to the launching area and will follow the last crew back to the launching area to be the last off the water.

#### 1.2.4 At The Finish Line:

Chief Finish Judge will monitor all crews at the finish and in the lst 50m area and communicate to communicate to Control Commission to ensure all crews are accounted for.

#### 1.2.5 At The Launch Docks Or Area:

Dock Marshals will ensure crews quickly exit launch area. During course closure, the Dock Marshall will allow boats to dock from either direction ensuring that docking shells do not crossover docking patterns.

#### 1.2.6 Coordination of All Officials:

Chief Umpire, Regatta Chair and Chief of the Control Commission will confirm everybody (crews, umpire boats, safety boats start personnel and others) are safety off the water.

#### **1.3 Following Evacuation from Water:**

The Regatta Chair and Chief Umpire will review options related to the weather and make announcement as soon a possible regarding any delays.

## 1.4 Delay Contingency Plan:

The CORA Regatta Organizing Committee can reschedule races earlier or later in the day for safety reasons in the event of bad weather. Any changes in the schedule will be announced by the Control Commission. (This will also include shorting the length of races) It is the responsibly of the crew and club coaches to monitor and stay current with the schedule.

Any changes required by a weather delay will supersede the published related requirements of the <u>RCA Rules of Racing</u>. During the condensed schedule, the umpire has the discretion to determine ether a crew is maintaining a competitive position in the race. If the umpire determines this is not the case, the umpire can make the call to exclude that crew from the race and direct them to remove themselves from the course. No allowance will be made for athlete conflicts due to reducing time between races and substitutions will not be allowed.

#### **<u>1.5 Schedule Changes Options Due To Weather Delay:</u>**

Races may be run with reduced time between races until sunset to complete the schedule. Racing will not take place after sunset.

The Regatta Chair and Chief Umpire will decide on the requirements of the schedule change. The Regatta Chair will communicate with the Regatta Committee, committee Directors and ensure announcements are made and communicated to all areas of the regatta (Control, public, starter and finish).
