General Regatta Information

Introduction

Thank you for being a part of this year's San Diego Fall Classic. There were many changes last year to the race, including a new course, launching and landing area, and we have moved it from Ski Beach to Crown Point. Trailer parking, boat storage, and warm up pattern are new as well. We have made these changes to incorporate the finish line of the San Diego Crew Classic. This is a great chance for your team to have its first look and get comfortable with Mission Bay and what is to come with the Crew Classic in April 2015.

Please be aware that we cannot control recreational motor boat traffic, so Mission Bay may be bumpy. The west bay and Sea World Channel are typically calmer and protected from wakes. Saturday Practice will adhere to the normal Traffic Pattern following the Right-Hand Rule, making sure to keep the shore to the coxswains right and the centerline buoys to the left. (Note: The traffic pattern on Race Day will be posted at the Crown Point Gazebo and will be in every race packet.

Results and Awards

First place medals will be awarded to the winning crews in each event.
Results will be posted at the Crown Point Gazebo. 2016 will have medals for 1st-3rd

Boat Storage

Boats being stored at Crown Point Park can be stored on the grassy area north of the finish line, just like the Crew Classic.

Launching/Returning

Crews Launching from Crown Point should plan on launching 30+ minutes before their race. Launching will take place on the beach, there is no dock. Make sure to put the boat in deep enough water so you do not lose your skag. Launching will take place at the north end of the shore while landing will take place on the southern part of the shore, just past the finish line. There may be hoses to wash your boats, please use the water sparingly. Security will be provided by SDRC on Saturday night before the race.

Bow Balls and Competitor Numbers

No shell may be launched without a bow ball. At registration, each crew will be given competitor number bib and safety pins to be attached to back of coxswain and bow seat and a bow number card for the shell. Please keep your bow number, enjoy!

Parking

Trailers parking in the dirt lot next to the northern most parking lot. There are three parking lots for passenger vehicles. Parking is free. The city does not allow us to control parking. No overnight vehicle parking.

Food and T-Shirts

We will have at least one food truck on site from 7am-Noon. T-Shirts will be available for sale on Sunday at the Sew Sporty tent.
